

## EXO Wash 10

- 7 x 40W OSRAM LED RGBW
- Zoom 4° - 40°
- Pixel LED Control
- IP65
- True1 & XLR-5 in/out
- 13.606 lux @ 5m with 4°
- 318 x 379 x 519mm, approx. 19kg

The EXO Wash from GLP's Fusion range is an IP65 rated moving head wash fixture with a full feature set in a compact housing.

Featuring a durable and robust die cast housing, the EXO Wash is ready for the toughest of outdoor weather conditions. With 7 powerful 40W RGBW Osram LEDs, the EXO Wash delivers a solid, bright beam in a full color range from the deepest saturates to the lightest pastel shades, and offers color control over each individual pixel.

Supporting the stunning output is a zooming optical system that can vary the beam continuously from 4° to 40°.

The EXO Wash incorporates True1 in and out connectors, variable PWM control and also features easy to use magnetic head mounts, for filter holders and any other future attachments.

## EXO Wash 30

## THE FIRST IP65 MOVING HEADS FROM GLP IN THE FUSION SERIES

- Zoom range from 4° to 40° for beam and wash application
- Fast Pan & Tilt movements
- 13.606 Lux @5m (4°, RGBW Full on)
